## Comfortable and Stylish Klein Tools Protective Eyewear

Introducing a new line of Klein protective eyewear designed for comfortable all-day use. The new line features anti-fog and scratch resistance lens coatings, adjustable temple lengths and durable wrap-around polycarbonate lens. No matter what your style preference, Klein offers protective eyewear that meets ANSI and OSHA requirements and are CSA certified.

### Features

- Permanently bonded anti-fog coating minimizes lens fogging in almost any environment.
- Permanently bonded anti-scratch coating for superior scratch resistance.
- Permanently bonded anti-UV coating blocks 99.9% of UVA and UVB radiation.
- Adjustable temple lengths provide a customized fit.
- Temple-end holes for easy lanyard attachment.

#### 60053, 60054, 60055

- Wrap-around lens for clear peripheral vision and protection.
- Frame and lens ventilation channel reduces lens moisture build-up and fogging.
- Soft, flexible nose piece provides snug non-slip fit.
- Soft, comfortable brow-guard for impact energy absorption.
- Lens available in clear and brown tint. Brown tinted lens for outdoor use, meets traffic signal color recognition of ANSI Z80.3-1996.

#### 60056, 60057

- Frameless, wrap-around lenses for unobstructed vision and coverage.
- Lightweight, frameless design for all-day comfort.
- Easy-fitting universal molded-in nose piece.
- Lens available in clear and brown tint. Brown tinted lens for outdoor use, meets traffic signal color recognition of ANSI Z80.3-1996.

#### 60058

- Contemporary wrap-around design for exceptional coverage and vision.
- Unique lens styling with side shield and brow bridge for protection.
- Easy-fitting universal molded-in nose piece.
- Lens available in clear.
