BASS BOOST

With dual 15 Watt drivers

Total 30W of Power

MODBOX™ COMPATIBLE

Easily integrates with
MODbox™ systems

MULTI-ROOM BROADCAST

Enables multi-speaker
sync up to 100 Feet

Additional Features and Benefits:

- 15W Dual drivers and passive radiators deliver powerful, full-range sound with enhanced bass.
- Easily integrates with MODbox™ rail system products.
- Magnetic mounting system secures the speaker to a metallic surface for hands-free, flexible placement anywhere.
- Rugged jobsite durability with impact-resistant housing and IP-rated protection against dust, debris, and drops.
- Integrated power bank with USB outlets lets you charge phones, tablets, or other devices directly from the speaker.
- Long battery runtime provides hours of continuous play on a single charge.
- Broadcast mode allows syncing up to 5 speakers in a 100 ft. radius.
