REUSABLE FACE MASK
WITH REPLACEABLE FILTERS

Basic protection against non-harmful common airborne irritants
REUSABLE FACE MASK WITH REPLACEABLE FILTERS

At a time when safety is more essential than ever in all work environments, Klein Tools expands its Personal Protective Equipment (PPE) product line to offer Reusable Face Masks with Replaceable Filters. These washable masks provide protection against non-toxic dust, pollen, mold, dander, and common airborne irritants. Both neck and head straps are comfortable; adjustable nose clip provides proper fit and prevents glasses from fogging. Exhalation valves create a cool mask environment and replaceable filters (also sold separately) enhance long term use. One size fits most.

**Nose clip** adjusts for proper fit, and to prevent fogging

**Vented** for breathing comfort

**Filters** are easily replaced and secured into position. (Cat. No. 60443, 3-pack)

**Mask Includes:**
- One filter
- Storage bag for filters

**REPLACEABLE FILTERS**

**ADJUSTABLE NOSE PIECE**

**ADJUSTABLE STRAPS**

---

**NOT NIOSH approved.** To ensure safe operations, read and follow all instructions.
