DISPOSABLE RESPIRATOR

Klein Tools expands its Personal Protective Equipment lineup with the addition of the N95 Particulate Disposable Respirator. This respirator is an N95 NIOSH approved respirator for use while grinding, sanding, or processing wood, minerals, and other substances. The lightweight construction and contoured fabric nose piece provide a better fit and comfortable wear. The valve on the outside allows for easy breathing and cool environment inside the respirator.

Contoured fabric nose piece offers a better seal and reduction in safety glass fogging

Use while grinding, sanding, or processing wood, minerals, and other substances

Elastic head strap for better fit and flexibility

Valve allows for easy breathing and cool environment inside the respirator

Convenient, disposable design

Lightweight construction and contoured fabric nose piece provides comfortable wear and a better fit

Available in 3-pack or 10-pack box

For Professionals
