New Torpedo Level with Heavy-Duty Magnets

Introducing Klein's Torpedo Level with heavy-duty magnets and E-Z See™ vial openings. This convenient tool allows hands-free measurements on iron and steel surfaces (level, plumb, and 45°). Designed for the professional tool user, Cat. No. 931-9RE has powerful Rare Earth magnets that are five times stronger than strip magnets and vials framed with E-Z See™ glow-in-the-dark material for easier viewing in dimly-lit work areas.

Features
