# Insulated Screwdrivers

Klein insulated tools meet or exceed IEC 60900, ASTM F1505 standards. They are clearly marked with the official 1000-volt rating symbol.  1000 V

**Tip-Ident**<sup>USA</sup> quickly identifies the type of screwdriver and tip orientation.

A flame retardant, impact-resistant, orange outer coating.

Custom, US-made tool steel.

Thick, exceptionally tough, high-dielectric white inner coating is bonded to the tool.

White underlayer provides a warning of compromised insulation.
