

## Chicago® Grip Coated Guy Wire with Chain

This Chicago Grip is designed specifically to work with coated guy strand and EHS cable. Klein grips are made of drop-forged, quality US steel and heat treated for strength and durability. The chain, toggle and shackle keep the grip from falling off the cable. The 5-Inch jaw length increases the surface area contact with the cable minimizing cable damage. The sawtooth jaw profile resists galvanization build-up.

### Specifications

<b>Type:</b>	Chicago Grip	<b>Application:</b>	Wire Pulling
<b>Special Features:</b>	Equipped With a Chain, Toggle and Shackle	<b>Overall Length:</b>	13.3" (33.8 cm)
