

## Knurled Parallel Jaw Grip 4-3/8-Inch Length

Longer knurled jaws achieve a firm hold, reducing possibility of slippage and damage to cable. Design includes a latch, plus a large-diameter eye that accommodates large hooks on hoists, winches and tackle blocks. When latch is closed, it helps maintain cable position in grip jaws.

### Specifications

<b>Type:</b>	Parallel Jaw Grip	<b>Application:</b>	Cable Pulling
<b>Special Features:</b>	Longer Jaw and Large Diameter Eye	<b>Overall Length:</b>	7.2" (18.3 cm)
