

Ironworker's Pliers, Aggressive Knurl, 9-Inch

Klein Tools Ironworker's Pliers have aggressive teeth for a strong grip when twisting, snipping and pulling soft annealed rebar tire wire. The knurled jaws aid in easy twisting and turning. These pliers feature a hook-bend in the handle for added grip and leverage. Unique handle tempering helps absorb the "snap" when cutting wire.

Specifications

Type:	Ironworker's Pliers	Application:	Used for Rebar, High Leverage
Special Features:	Spring Loaded	Overall Length:	9.29" (23.6 cm)
