

Bent Trimmer, 8-Inch

These premium bent trimmer scissors by Klein Tools are heavy-duty, multipurpose household scissors that come with an extended handle for added comfort and cutting leverage. Made in the USA from hot-forged steel, these scissors are built to last a lifetime and are versatile enough to cut through a wide variety of materials, including plastic, rubber, roofing materials, cording, and vinyl. The nickel chrome plating on the blades ensures resistance to corrosion and rusting, while the smooth, sharp edges allow for cutting of household and industrial materials like cloth, paper, tape, cardboard, sandpaper, and more.
