

12V Auto to 8mm Barrel Adapter

Klein Tools 12V Auto to 8mm Barrel adapter supplies power by simply plugging the 12V Auto Connector into a car outlet and the 8MM barrel end into your device. This cord is compatible with Klein Tools Portable Power Stations (Cat. Nos. KTB1000, KTB500). This adapter enables convenient charging of your KTB500 or KTB1000 power stations from your vehicle.
