

Glow in the Dark Fish Tape, 20-Foot

Klein Tools' first fully glow-in-the-dark fish tape. The unique clear case permits ambient light to easily charge the glow tape and tip, providing a bright glow for use in low light. The fiberglass tape is fully removable from case for one-way wall cavity, drop ceiling, and conduit pass through feeding. The anchor end features a stainless-steel fish rod connector so any of our fish rod accessories can be attached to the end of the fish tape, allowing this fish tape to also function as a super-flex glow rod. An optimal fish tape for installing wire or cable behind walls and ceilings, in short box-to-box runs and branch circuits, or in flexible tubing. This fish tape's compact size makes it a great addition to your everyday tool bag.
