3-Inch Utility Bucket S-Hook

The Bucket Work Center is an ecosystem that will revamp the way a Lineman works. It allows Lineman to customize their workspace, just like other professionals customize their office space. Klein Tools' 3-Inch S-Hook is made of impact resistant nylon and connects to all of the Bucket Work Center S-Hook modules. The S-Hook System easily attaches to aerial buckets with a standard 2-Inch or 3-Inch (5.1 or 7.6 cm) bucket lip. This will be the Lineman's office. An assortment of modules are available to customize each workstation to fit the tools needed for the job.
