

Work Tray Module, Rail System

The Bucket Work Center is an ecosystem that will revamp the way a lineman works. It allows linemen to customize their workspace, just like other professionals customize their office space. The Klein Tools Work Tray Module helps keeps all of your tools in arms reach at any altitude. This will be "The Lineman's Office". The Bucket Work Center easily connects to aerial buckets with a standard 2-Inch or 3-Inch (5.1 or 7.6 cm) lip. Made of impact resistant materials with dielectric properties (up to 35kV) to withstand work conditions from -25 to 125-Degree Fahrenheit (-32 to 52-Degree Celsius). An assortment of modules are available to customize each workstation to fit the tools needed for the job.

Specifications

Type:	Ecosystem for Lineman Utility Buckets	Application:	Utility
Special Features:	Connects to the Bucket Work Center Wall Assembly Rail System	Overall Length (Inch):	20.6
Overall Length (cm):	52.3	Overall Height (Inch):	8.8
Overall Height (cm):	22.4	Overall Width (Inch):	12.2
Overall Width (cm):	31	Material:	UV Resistant, Dielectric Plastic
Color:	Gray	Number of Compartments:	1
Compartment Sizes:	17.6" x 9.5" x 7.7" (44.7 x 24.1 x 19.6 cm)	Total Cubic Area:	1287 cu in. (based on C32)
Stackable:	No	Holds:	Lineman Tools and Hardware
Weight (lb):	8.13	Weight (kg):	3.7
