

Auger Bit Storage Module, Rail System

The Bucket Work Center is an ecosystem that will revamp the way a Lineman works. It allows Lineman to customize their workspace, just like other professionals customize their office space. Klein Tools' Auger Bit Storage Module has 2 slots that fit 12-Inch, 18-Inch and 24-Inch bits. This will be the Lineman's office. The Bucket Work Center easily connects to aerial buckets with a standard 2-Inch or 3-Inch (5.1 or 7.6 cm) bucket lip and is made of impact resistant materials with dielectric properties to help stand up to the toughest work environments. An assortment of modules are available to customize each workstation to fit the tools needed for the job.

Specifications

Type:	Ecosystem for Lineman Utility Buckets	Application:	Utility
Special Features:	Connects to the Bucket Work Center Wall Assembly Rail System	Overall Length (Inch):	4.1
Overall Length (cm):	10.4	Overall Height (Inch):	21.1
