Pliers, Long Nose Side-Cutters, Insulated, 7-Inch

Klein Tools Insulated Long Nose Side-Cutting pliers are 1000V rated for safety on the job. The long nose is designed for grabbing and looping wire. Dual layer, orange-over-white insulation provides a warning sign that insulation may be compromised. The molded insulation meets or exceeds ASTM F1505-16 and IEC 60900:2012 standards for insulated tools. Cutting knives are induction hardened for long life.
