

Klein-Kurve® Bent Nose NM Cable Stripper/Cutter

Klein Tools Bend Nose NM Cable Stripper/Cutters feature a patented 90 degree bent nose, designed to make this tool easier to work with in confined spaces. This stripper/cutter can quickly remove the outer jacket of 12/2 type NM cable, and can strip, cut, and loop 12 AWG solid wire. It also features Klein Tools' curved handles with double-dipped grips for comfortable daily use.
