WARNING SYMBOLS

Safety alert symbol: Indicates a hazard.
NOT insulated. Plastic-dipped or slip-on plastic handles are NOT intended for protection against electrical shock.
Always ensure that you and the persons in the vicinity wear approved eye protection.
It is important that users of these products read, understand, and follow all instructions, cautions, and warnings that are attached to and/or packed with the product.

FORGED STEEL
from Klein’s US-made proprietary blend.

HEAVY-DUTY CUTTING
Cuts ACSR, screws, nails, and most hardened wire.

Ironworker’s Pliers

Use to twist and snip soft annealed rebar tire wire. The knurled jaws also aid in easy twisting and turning. These pliers feature a hook-bend in the handle for added grip and leverage. Unique handle tempering helps absorb the “snap” when cutting wire. Split ring for tethering available on “TT” series.

Jaw Dimensions

- Square: 1-5/32” x 29 mm
- Full: 1-1/4” x 32 mm
- Angled: 1-3/16” x 30 mm

Knife Length

- Square: 5/8” (16 mm)
- Full: 25/32” (20 mm)
- Angled: 3/4” (19 mm)

* Cuts ACSR, screws, nails, and most hardened wire.
PLIERS

High-Leverage Pliers

Available in side or diagonal-cutting models, these pliers feature a high-leverage design. The rivet is closer to the cutting edge for greater cutting and gripping power than other plier designs. The 2000 Series have heavy-duty cutting knives for ACSR, screws, nails, and most hardened wire. The angled head on the diagonal cutters easily gets into tight spaces. The “TT” series feature a split ring for tethering the pliers when working at height.

TOOL TETHER / TOOL POUCHES

Tool Tether

Keep your tools close at hand while working at height

Allows for easy tool recovery in case of accidental drops

- **WARNINGS:**
  - Keep your tools close at hand while working at height
  - Allows for easy tool recovery in case of accidental drops

High-Leverage Pliers

- **Secure tongue and groove design for non-slip grip - even with heavy pressure**
- **Wide range of versatile jaw positions**
- **quick adjust rivet allows one handed, fast and easy adjustment of plier jaws**
- **TT Series feature split tether ring for securing tool when working at height**

Pump Pliers

- **Always use choke hitch formation**
- **Attach tether through tether hole when available**
- **Always use a load bearing anchor or attachment point**

Tool Pouches

- **Black leather construction riveted and stitched for extra durability**
- **Slotted to fit belts up to 2’ (51mm)**
- **Assembled in the USA of U.S. and imported components**

**WARNINGS:**

- Inspect for wear before each use.
- Do not use for human support.
- Never connect over 5 lbs. (2.3 kg) to a person.
- Do not use around moving or rotating equipment.
- Tethers extend to anywhere from 3.5’ to 5’ (1.3 m to 1.5 m).
- Always ensure cinch remains snug while in use.
- Always attach carabiner end to anchor point.
- Do not attach tether back onto itself.
- Do not tie knots in tether.
Flame Resistant Canvas Electrode Bag

- No. 4 flame-resistant canvas meets the performance requirement of NFPA-701
- Heat-resistant, hard leather bottom
- Web loop for sliding over belt
- For added protection when welding and grinding

Steel Bull Pins

Broad Head

- Forged, heat-treated steel increases efficiency by providing a larger striking surface
- Angled head and smooth blending of radii increase strength and reduce the danger of chipping
- Barrel the head, squared-off shoulders forged to provide a surface for applying wrench to loosen wedged bull pins
- Added resistance to “mushrooming” permits longer use than conventional designs and the even taper reduces binding and hang up
- “TT” Series feature tether hole for working at height

Erection wrenches with tether hole for working at height:

- Bolt Size/Nominal Opening
- Head Width
- Overall Length

A. Catalog number, bolt size and nominal opening size are stamped on every wrench for easy identification.
B. "TT" Series feature tether hole to secure tool when working at height.
**Grizzly™ Bar**

- Use to help align walls during tilt-up construction, roll and align large pipe, remove shingles and flooring, and many other stripping and prying tasks
- Efficient blade angle and length provide as much high leverage as a crow bar, or a nail and spike puller
- Blade is forged and hardened alloy with keyhole nail-pulling slot in center and “V” notch in tapered edge

**WARNINGS:**
- Completely close top before each use.

**Hooks**
- Throat Opening
- Overall Length

**Tie-Wire Reel & Pad**

- Load pre-coiled tie wire onto the reel without having to remove the cover
- Rugged, lightweight red is smooth aluminum alloy with wear parts made of steel
- Designed for left or right hand use with large, comfortable rewind knob
- Underside of pad features sponge-rubber to minimize hip fatigue

**WARNINGS:**
- Impact for damage before each use.
- Remove from service if bucket shows signs of wear.
- Never exceed the working load limit.

TRADESMAN PRO™ Bags

- Heavy-duty No. 8 natural canvas
- Stitched and riveted leather handles for comfort and strength
- Moisture-resistant, vinyl bottom, and lower sides
- Retro-fit bags with shoulder strap kit (Cat. No. 5102S). Kit includes leather strap with pad and snap hooks, rings and fasteners for attaching rings to bags
- Bright orange for easy visibility
- Water-resistant vinyl protects against the elements
- Drain holes help minimize water build up
- Mesh strips keep bag aerated so clothes and equipment can dry
- Handles are large enough to carry bag like a backpack
- Cat. Nos. 55421BP-14 & 55597 have tall bag and interior pockets for long screwdrivers
- Cat. Nos. 55421BP-14 & 55597 feature fully molded bottom to protect from the elements
- Brightly colored interior for easy tool visibility
- Tabbled ballistic weave for durability

Lineman’s Duffel Bag

- Bright orange for easy visibility
- Water-resistant vinyl protects against the elements
- Drain holes help minimize water build up
- Mesh strips keep bag aerated so clothes and equipment can dry
- Handles are large enough to carry bag like a backpack

Canvas Tool Bags

- Heavy-duty No. 8 natural canvas
- Stitched and riveted leather handles for comfort and strength
- Moisture-resistant, vinyl bottom, and lower sides
- Retro-fit bags with shoulder strap kit (Cat. No. 5102S). Kit includes leather strap with pad and snap hooks, rings and fasteners for attaching rings to bags

ACS Ratcheting Cable Cutters

- High-leverage ratcheting mechanism for easier cutting
- Quick-release lever opens blades easily in every cutting position (allows removal of the cable before completion of cut)
- Hardened steel cutting blades for long lasting strength and sharpness
- Tool can be locked when not in use
- Cat. No. 63800ACSR features cutting inserts that are easily replaced by simply removing 3 screws per blade
- Plastic covered handles with hand guards for comfort and firm grip

Ratcheting ACSR Cable Cutter – Heavy-Duty

- Ratchet-action for maximum leverage with minimum effort
- Blade-advance knob for fast rotation of the blade to engage the cable
- Quick-release mechanism allows for removal of the cable or rod before completion of the cut, if desired
- Not designed for cutting EHS guy strand or reinforcement rod
- Forged, heat-treated, shear-type blades
- Long fiberglass handles with heavy-duty grips for comfort and slip resistance

</table>

Ratcheting Cable Cutters

- High-leverage ratcheting for single-handed cutting of copper and aluminum cables, leaving no burrs or sharp edges
- Two-step ratchet mechanism requires fewer strokes per cut
- Open jaw design works in confined spaces
- Quick-release lever opens blades easily in every cutting position (allows removal of the cable before completion of cut)
- Hardened steel cutting blades for lasting strength and sharpness
- Locking lever keeps handles closed for easy transport, fits in a toolbox or bag

Replacement parts available (blades, handles, springs, pawl sets and release plates).

WARNING: Do NOT cut steel or ACSR.
Cat. No. Cutting Capacity† Up to HRC Overall Length
63RBCHD 1/2” (12.7 mm) 7/16” (11 mm) 31” (78 cm)

†As defined by ASTM A475-98, 1/2” utility grade 7-strand guy strand has minimum breaking strength of 25,000 lbs (11,339.81 kg). 3/8” EHS 7-strand has minimum breaking strength of 15,400 lbs (6,985 kg).

Heavy-Duty Ratcheting Bolt Cutters
- Cuts 1/2” utility-grade guy strand, 3/8” EHS
- Spring-loaded cable retention hook snaps onto the cable in one hand-free motion and keeps strands between cutting blades
- Long handles provide leverage when cutting
- Lockplate reinforcement prevents jaw bolts from loosening or turning, keeps jaws in correct alignment

WARNING: Do NOT cut steel or ACSR.

Haven’s™ Grips “Pork Chop”
- Gripping pressure of the knurled jaw is applied to 1/4” (6.35 mm) cable area
- All 1625 series have a swing latch to help hold cable in the jaw

Guy Strand & EHS (Extra High-Strength) Grips
- Double “V” grooves give four-point contact, reducing chance of slipping and providing proper alignment of wire and cable
- Cat. No. 1684-5G has a sawtooth jaw profile for extra gripping power

BATTERY-OPERATED TOOLS

7-Ton Combination Cable Cutter/Crimpers
- One tool with 6 heads depending on what the job requires
- 7-ton hydraulic force cuts and crimps a larger capacity faster than similar models on the market
- Compatible with industry standard U & W style dies
- Two work lights illuminate darker spaces
- Green light indicator confirms a good crimp has been made
- Safety Lockout Switch
- Replacement blades available

12-Ton Crimper
- 12 tons of force gets the job done fast
- Crimps copper, aluminum and ACSR
- Head rotates 360° for position flexibility
- Compatible with industry standard U-Style dies
- Green light indicator confirms a good crimp has been made
- Four work lights illuminate darker spaces
- Safety Lockout Switch

High-Torque Impact Wrench
- Impact function for driving fasteners in wood, metal and concrete
- 7/16" (11 mm) Quick-Release Chuck
- Up to 500 ft-lbs of max torque
- 0–1900 RPM variable speed trigger
- Green light indicator confirms a good crimp has been made
- Safety Lockout Switch

Gear-Driven Cable Cutters
- Cuts copper and aluminum and ACSR and EHS cable
- Open and closed jaw styles
- Two work lights illuminate darker spaces
- Safety Lockout Switch
- Replacement blades available

BATTERY-OPERATED TOOLS

CAT. No. | Description
---------|-----------------
B010001 | EHS Closed Jaw Cable Cutter, 2 Ah
B010001H | EHS Closed Jaw Cable Cutter, 4 Ah
B010001T | Cu/Al Closed Jaw Cable Cutter, 2 Ah

NOTE: Read and follow safety instructions in power tool owner’s manual.
**Impact Sockets & Cooling Towels**

**Impact Sockets**
- Multiple sizes in one tool for hands-free socket size adjustment
  - Great for pole hardware installation and removal
  - Engineered for use with impact drivers
  - 2-in-1 Impact Sockets feature high-torque 6-point and 12-point designs and deep sockets with a 1/2” drive
  - 4-in-1 Impact Socket:
    - Includes 3/4”, 13/16”, 1” and 1-1/8” square sockets
    - Works on 1/2”, 5/8” and 3/4” pole hardware
    - Long hollow shaft for use on long threaded bolts
    - 7/16” hex quick-change adapter

**Cooling Towels And Bandana**
- Advanced PVA cooling technology
- Feels cooler than ambient air temperature
- Activates quickly, under a minute!
- Multi-use; reactivate several times
- To activate or re-use, wet and gently wring out the excess water
- Machine or hand wash with mild detergent; air dry only.

**Hand Tools**

**Hex-Key Sets**
- Two key positions (straight-out or right angle) for extra leverage
- Hex ends are square-cut for a secure half-depth fit and maximum contact with the hex socket to prevent slippage and stripping of the socket
- Handy sets fit in your pocket or tool box easily and help eliminate the last key problem

**Impact Sockets & Cooling Towels**

**Adjustable Wrenches**
- High capacity smaller wrenches handle bigger jobs, especially in confined spaces
- Forged heat treated steel for maximum strength and light weight.

**Heavy-Duty Multi-Nut Drivers**
- Multiple sizes in one convenient tool
- Heavy-duty handle and shaft exceed the torque performance of regular nut drivers
- Wrench-assist feature for added torque
- Strong, rare earth magnets securely hold nuts and bolts (Cat. No. 32807/MAG)

**Multibit Screwdrivers**
- Interchangeable shafts hold multiple bits
- Cushion-Grip handles for maximum torque and comfort
- Precision-machined tips for exact fit

Folding Utility Knife
- Push button to easily open and close
- Rugged, heavy-duty and durable construction
- Contains a wire stripping notch
- High quality, triple ground blades stay sharp longer
- Rubber grips on handle for improved control and comfort
- Bright orange handle color makes this knife easy to find in a tool bag or pouch

Cable Skinning Hook Blade with Notch
- No contact between stainless steel ring and hardened steel blade
- Withstands frequent scoring and sliding of cable jacket
- Blade and ring are securely molded in handle
- Notch on blade back for scraping or removing wire insulation
- Leather sheath available, Cat. No. 5163

Silver Lightweight Aluminum Lockback Knives
- Lockback secures blade open
- Rugged, heavy-duty and durable construction
- Wire-stripping notch
- Safety yellow handle for greater visibility
- Blade removal/insertion without disassembly

Cable Skinning Hook Blade with Replaceable Blade
- Heavy-duty hawkbill blade is easily replaceable to eliminate the need for sharpening
- Handle has rubberized grip and remove knife for lockback mechanism
- Replaceable 440A Stainless Steel hawkbill blade is held open by a captive screw (44219)
- Pocket clip keeps knife readily available
- Patent Pending
- Optional copying replacement blades (44138)

Self-Retracting Utility Knife
- Rugged, heavy-duty and durable construction
- Wire-stripping notch
- Safety yellow handle for greater visibility
- Blade removal/insertion without disassembly

WARNING: Blades are intended for cutting only, and should be handled and disposed of with care. Handling the blade can cause it to break, possibly resulting in bodily injury.

Cowhide Work Gloves
- Premium cowhide, soft and form-fitting for maximum comfort
- Gunn cut with seams away from wear surfaces
- Inseam index finger
- Shimmery elastic wrist back
- Natural light-tan color

Lineman Work Gloves
- 4" neoprene cuff with side vents
- Soft grain leather construction with reinforced leather patches
- Double-row padded knuckles for durability
- Black spandex back with Klein lineman logo patch

Extremes Gloves
- Premium cowhide, soft and form-fitting for maximum comfort
- Gunn cut with seams away from wear surfaces
- Inseam index finger
- Shimmery elastic wrist back
- Natural light-tan color

Lineman Work Gloves
- 4" neoprene cuff with side vents
- Soft grain leather construction with reinforced leather patches
- Double-row padded knuckles for durability
- Black spandex back with Klein lineman logo patch

Utility Gloves
- Moisture wicking and breathable Trek Dry™ stretch material on top with sponge foam and tricot lining for maximum comfort

Easy Gloves
- PORTON® padding material in the palm to absorb impact and vibration
- Rubberized fingertips for extra grip
- Wrist closure with hook and loop secures fit

Camouflage Gloves
- Mossy Oak® Break-Up Infinity™ pattern
- Moisture wicking and breathable Trek Dry™ stretch material on top with sponge foam and tricot lining for maximum comfort

Leather Gloves
- Genuine professional grade leather
- Flexible yet impact absorbing thermo plastic rubber (TPR) protects the fingers and back of the hand
- Moisture wicking and breathable Trek Dry™ stretch material on top with sponge foam and tricot lining for maximum comfort
- Machine washable

Features
- Shock magnet for secure, hands-free illumination
- Glove ring tip charges while the light is on for easy retrieval in the dark

WARNING: Not flameproof or fire retardant. DO NOT expose to open flame or sparks.
Self-Leveling Cross-Line Laser Levels

- Projects horizontal and vertical lines independently or together
- Plumb spot lasers pinpoint overhead locations (93LCLS only)
- Integrated magnetic 360° tripod mounting bracket with 1/4" and 5/8" tripod mounting threads
- Additional mounting clamp attachment for ceiling grid applications
- IP54: water and dust resistant
- Includes hard plastic carrying case

Laser Distance Measurer

- Measuring up to 99 feet in distance, at an accuracy of + or - 1/16"
- Quickly calculates area, length and volume with large, easy-to-read buttons
- Optional one-touch, single-distance measurement and/or continuous measurement
- Memory stores last 20 measurements.
- Highly visible backlit display

Tape Measures - Magnetic

Includes core tape measure features plus:

- Heavy duty nylon coating protects blade printing
- Super-sized back clip holds securely to wide belts and extends into pockets
- Different sizes for different jobs
- Avoid magnetic contact with sensitive electronic or computer equipment.
- Protect hands when cleaning magnetic tip end. Use gloves or cloth.

Jobsite Coolers

- Built to withstand the rigors of the jobsite
- Tough Box coolers double as a handy place to sit
- Plenty of room for drinks, snacks and lunch with interior compartments for smaller items like napkins, utensils, medicine, etc.

PORTABLE & JOBSITE RECHARGEABLE BATTERIES

- High speed charging powered by Qualcomm QuickCharge™ 3.0 technology
- Smart Battery Protection
- Auto-Device Detection
- Rugged design for added durability
- Battery status LED indicators
- USB Type-C to USB Type-A cable included
- QuickCharge™ 3.0 technology
- High speed charging powered by Qualcomm

Wireless Jobsite Speaker

- Connects wirelessly via Bluetooth® or a wired auxiliary input
- 32-78 ft. range, 100° connectivity range (in open space)
- 10-hour battery life
- Rated IP4X waterproof/dustproof
- Powerful rear magnet holds speaker to metal surfaces (panels, ducts, etc.)
- Able to answer calls hands-free with the built-in speakerphone

Warning:
- Risk of injury when cleaning magnetic tip end. Use gloves or cloths.
- Avoid magnetic contact with sensitive electronic or computer equipment.
- To avoid personal injury and damage to this tool, do not allow the tape blade to retract into case.
- Do NOT open case. Spring motor is under tension, and opening case may cause injury.
- Do NOT use case. Spring motor is under tension, and opening case may cause injury.
- Do NOT store batteries in your tool bag. This could lead to corrosion or damage to the batteries.
